Step 2: Underline the names who you think are capable of leading a Community on Mission.

Step 3: Look at the list of people that you underlined, and now, next to each person, write ML for potential Mission Leaders or CL for potential Community Leaders.

Step 4: Pray through the names and contact at least 4 people you want to meet with. You will cast a vision of launching a Community on Mission with their help.

1. Post your biggest insight of this week in the hub under "Weekly Posts."
2. Reply to at least one of your colleague's biggest insights.

BONUS MATERIAL: EXEGETING YOUR CONGREGATION

This exercise is an excellent way to begin to identify Community and Mission Leaders as well as folks to engage in the communities on mission. By taking an intentional effort you will find folks that are lurking on the fringe that will be perfect to join and lead.

While this requires some time, in the end it will be significant.
